Jeff,

I have attached the Master Draft. I cleaned it up a bit on some of my text.

Of course, I had one issue with Section 4. I added some paragraphs under the Cross Roads subsection, and lost some of the numbering to the sub headings. Couldn't fix it.

Please check those again. I also changes some stylistic points with some headings (bold vs underlined or both). Thought It read better.

I do not show track changes. I can send you that if you want this morning, but I made a few changes after I turned it off. So they will not be the same.

Good luck.

I will likely not be up early.

Mark
